Limited Warranty Supplement

25 year product warranty for TSM-***NEG9RP.28Z, TSM-***NEG9RP.25Z

To Whom it may concern,

This letter confirms that the TSM-***NEG9RP.28Z, TSM-***NEG9RP.25Z.Trina Solar module is covered by the Global Limited Warranty, under Section.1, h) iii). Trinasolar warrants that for a period of twenty-five (25) years from the Warranty Start Date (as defined in Section 4 of the Global Limited Warranty), the said module will be free of defects in materials, workmanship or manufacture that materially impede their power generation function, provided that such defects have been reasonably proved to be the direct and sole cause of such power underperformance

The Limited Product Warranty covers glass breakage provided that there is no external cause of the breakage (i.e. only breakage caused by the glass itself or the module is covered).

Any deterioration in the appearance of the said products (including but not limited to any scratches, stains, mechanical wear, rust, mold, deformation or discoloration) or any other attrition to the products which occur after delivery (Incoterms 2020) to the Buyer do not constitute a defect under the Limited Product Warranty.

This Limited Warranty Supplement applies only to TSM-***NEG9RP.28Z, TSM-***NEG9RP.25Z products that are delivered after 1st July, 2026 (Incoterms 2020) and installed within Europe, Australia, and Japan. Furthermore, this extended 25-year warranty is valid solely for said modules installed in residential and commercial & industrial (C&I) applications, further with Trinasolar solely and reasonably determining qualifying applications.

For purposes of customer protection, any actions such as packing, unpacking, loading/unloading, transportation, storage, installation, use, operation or maintenance must comply with Trinasolar's latest user manual and other official documents. Any other warranty terms not mentioned in this supplement shall be subject to the latest version of the Global Limited Warranty, available at the link provided below.
