RoofSupport

RoofBlockXL

Date: 19-11-2025

Article number: RSXL102011

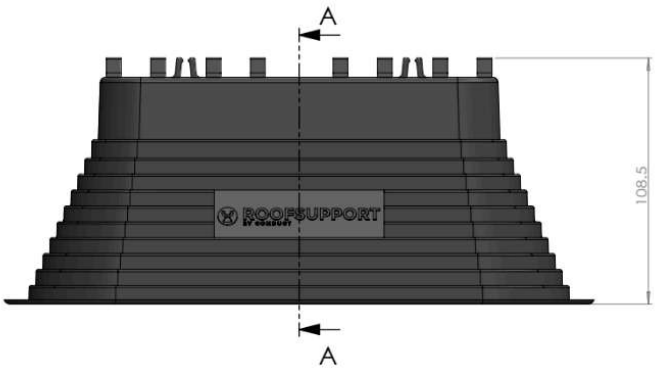

HS-Code: 39259020

Product description

The RoofBlock XL is ideal for large solar projects thanks to its stability and weight-bearing capacity. RoofSupport XL is larger and heavier for even more stability and load-bearing capacity, with a height of 10 cm above the roof drain. The UV-stabilized material is cold-resistant and easy to attach to the RoofSupport wire gutter with the click system.
