Wallisellen 28th September 2026

TO WHOM IT MAY CONCERN

Information regarding the fire certification of Trina PV modules NEG9R.28 & NEG18R.28

We hereby confirm that all NEG9R.28 and NEG18R.28 modules have been produced since 2023 with a special bill of material (BOM) for the Italian market.
They comply with the Italian standard UNI 9177 (reaction to fire class 1) as well as EN 13501-1 and EN 13501-5.
The only exception is if they are ordered or delivered as a LowCO2 product. In that case they do not comply with the above-mentioned standards.

Yours sincerely,

Trina Solar (Schweiz) AG
